No G 260/48-49 dt 19/11/48

Recommends that the Engineer officer of the Board may be permitted to complete measurements for the construction of model houses for labourers

The report is submitted for perusal

The points for consideration are,-

1) Whether the Engineer officer may be permitted or not to complete the entries

2) If permitted, whether he may complete, as Sri Radhavan, or whether he may complete, as an officer on behalf of this govt

In case he gets a prize, the question as to whether the prize be retained by govt or handed over to the Engineer officer himself, may perhaps be considered then

submitted for orders (He may probably submit the scheme with plans & estimates prepared by him)

Sir,

For a note very early 22/11 Librarian

ML

I have the honour to state that it is reported by Sri. R Madhavan, Engineer Officer, attached to the Board that the Government of United Provinces, Labour Department, have invited entries from very competent Engineers and Building Designers for standard model quarters for labourers in the Industrial area in United Provinces and that they have also offerred prizes to the best entries, and he has requested that he may be permitted to compete for this entry

2 Sri R Madhavan has made a thorough study of the labour housing problem and has also given some designs and specifications for the construction of cheap labour quarters In fact, he has constructed ~~some~~ cheap Houses designs in Bangalore City substituting soil cement blocks for burnt bricks on an experimental basis, and this has attracted considerable attention

3 I therefore recommend that Sri R Madhavan may kindly be permitted to compete for the above entry I request that orders of Government permitting him to do so may kindly be obtained and communicated very early as the entries are reported to close on the 30th of this month

Yours faithfully,

~~for~~ CHAIRMAN —
